January 25, 2015

Galion City Board of Health
Stephanie Zmuda, RS Health Commissioner

Dear Administrators,

Please accept my resignation effective March 6, 2015 at 4:00 pm. I have accepted a part-time position with Richland Public Health as BCMH and substitute school nurse.

My decision to leave Galion City Health Department came after long and careful consideration based on the uncertainty of merger, accreditation and public health future in general and desire to decrease work hours for my family and health. I have enjoyed my work, as well as working with the staff and residents of Galion over the last eight years. However, my new position at Richland Public Health puts me back to my roots of public health, working with children, the families and being able to link them to the health care needed.

I would like to express my appreciation for allowing me to explore programs and the opportunity to implement many new programs, such as Blood Lead testing and Lead home investigation, Hepatitis C testing and referrals, increasing school nursing program to cover Crestline and hours at Galion City, private purchase of new vaccines and billing insurances for children's vaccines to name a few. Again, it has been a pleasure working for you and the citizens of Galion.

Sincerely,

Sandra S. Crossland, BSN, RN
