PURPOSE

The intent of this document is to define the salary ranges for Galion City Health Department staff. Adherence to this standard will:

1. Set a salary range;
2. Define when salary can be altered; and
3. Define probationary pay.

POLICY

The salary schedule of the Galion City Health Department is set in order to define starting salary ranges, probationary pay periods, and describe when pay raises may occur. The Galion City Health Department Board of Health may change, alter, and/or override the salary schedule with a majority vote.

BACKGROUND

This policy allows for a streamlined definition of the GCHD Salary Schedule. This policy also lends itself as a guide for staff and administration when determining salary increases.
