Subject: Lead Exposure Prevention and Healthy Homes Education Activities funding 2024

Good morning –

Congratulations! You have been recommended for the Lead Exposure Prevention and Healthy Homes Education Activities funding. You are being recommended for your full proposal amount. Contracts will **not** be ready for signatures until the first week of February, so do not expect to see anything come before then.

As a reminder, I will be out on maternity leave starting next week. If you have any questions about the grant after Friday, please reach out to the general lead program line at 877-532-3723 and someone will be available to answer questions. As another reminder, there will be a toolkit sent out with approved images for use. Please be patient on receiving the toolkit, the state is currently rolling out new branding. I do not expect our communications department to have the rebranded images ready until January/February.

Please let me know if you have any questions.

Thank you,

Lisa Morris, MPH | Public Health Consultant
Bureau of Environmental Health & Radiation Protection
Ohio Department of Health
