

Outreach Report  
**Health and Wellness Fair at the Y**  
March 16, 2022

**Division:**

Environmental Health, Sexual Health, & General Health

**Participating Staff:**

Andrea Barnes, REHS  
Director of Environmental Health  
Tina Nichols, DIS  
Jason McBride, MS, MPH, CHES  
Health Commissioner

**Anticipated Outcome:** Outreach to community members on mosquito control, ticks, and keeping a healthy home. Providing COVID, Sexual Health, and general health information.

**Description of event:** The event was held at the Galion Community Center YMCA on 3/16/22 from 9:00am-12:00pm. It was a health fair intended for the general public.

**Approximately 20 Community Members were served**

**Sponsor:** Galion-Crestline Chamber of Commerce

**In what ways can outreach be improved?** It would be nice more heavily showcase our nursing department because of what they do for our community or provide additional educational materials at the outreach events. The GCHD outreach events have mainly been environmental and sexual health focused.
