Subject: HEAL Funding Opportunity - Galion City Health Department

Importance: High

Good afternoon, Commissioner Cinadr,

Thank you for applying for Capacity Building for Healthy Eating and Active Living (HEAL). After careful consideration, the submitted work plan was not selected for funding. Awards are dependent on the availability of funds, application score, and alignment within the scope of capacity building.

While the work plan was not selected for funding, ODH can provide and connect you with the following supports, should your health district move forward with HEAL activities this year:

- 1:1 technical assistance provided by an ODH Health Promotion team member.
- Invitations to ODH webinars and trainings focused on HEAL strategies.
- Notifications of additional trainings available through partner organizations (Ex. OSU Extension, Professional Data Analysts, Toole Design, etc.).

If you are interested in exploring any of the supports listed above, please reach out.

We appreciate your commitment to community health and encourage you to continue building local partnerships.

Sincerely,
Danielle Dillon
