Brianna,

I am sorry about this. Some of these were misplaced. The 2022 invoices are bills that we are against paying, because of all of the issues that occurred at that time were not our fault; I believe they are the server migration issues. My fiscal employee found a few in her email that got overlooked from 2025. We have completed a "Then & Now" purchase order and processed it to be paid by the city auditor's office.

With the new year beginning, and a new auditor/city administration, there has been some delay in the city paying some of our bills. They have assured us that this will get better. I apologize.

Sincerely,

**Andrea Cinadr**
