**Attachments:** Scrap Tire Event\_06.20.2026.xlsx

I have attached the intake spreadsheet for your review. I feel we had a good turnout considering it was short notice. There was a steady flow during the event with no traffic issues.

The total number of tires collected on Saturday was **946**, of which **582** came from residents within the city limits. Page 2 of the spreadsheet breaks the totals down by zip code, which reflects **780** coming from the 44833 zip code.

I personally want to thank each of you who helped me pull this off smoothly. That's what makes working in Galion great, the camaraderie.

In the event we receive the funding next year, we can discuss options for a more appropriate location if needed as a group.

Thanks,  
Matt
