

Outreach Report
GCS/USDA SUMMER LUNCH
JUNE 8TH, 2026

Division:
Nursing

Participating Staff:
Brandi Riddlebaugh, RN
Becky Shaum, RN

Anticipated Outcome: To provide health education in form of toothbrushing education.

Description of event: Every summer, GCS gives out free lunches to local families. They provide 5 days of lunches for children.

Location: Libby Lane, Galion Arms.

Audience: City of Galion families

of Community Members Impacted: 81

Sponsor: USDA

Outcomes of event: We distributed 81 toothbrushes, sample toothpaste and brushing forms to children participating in the summer lunch program.

In what ways can outreach be improved? I think this is a well-attended event every summer. It would be great if we had more resources to hand out as we only went to 2 locations. There is a 3rd at the high school. There are over 300 people signed up for that location.
