

Outreach Report
GCS Summer Lunch
July 13, 2026

Division:
Nursing

Participating Staff:
Brandi Riddlebaugh, RN

Anticipated Outcome: To provide fire and water safety education for the children attending the summer lunch program. They were given one coloring book and 2 activity books.

Description of event: Galion City Schools goes to 3 locations to hand out 5 lunches per child per family every Monday.

Location: Libby Lane & Galion Arms Apartment complexes

Audience: Any family with children up to 18 years old

of Community Members Impacted: 50 children received handouts

Sponsor: USDA

Outcomes of event: Families received 5 lunches for each child and educational materials regarding water and fire safety. We are also able to put a face to the health department and establish relationships with local families.

In what ways can outreach be improved? I think this is a wonderful program that helps several hundred children in Galion. I do wish I had more resources to hand out and could attend the high school as well.
